WHAT LACAL OFFERS YOU:

- Competitive Pricing on Quality Parts
- Over 17,000 Different Inventory Parts On-Hand and Ready to Ship
- Courteous Knowledgeable Sales Staff
- Convenient Ordering Hours (7:30am-5:00pm EST)
- Decades of Industry Experience – Continuous Operation Since 1982

WHAT DO I NEED WHEN I CALL?

1. **MAKE** of Your Machine
2. **MODEL** of Your Machine
3. **SERIAL NUMBER** of Your Machine
4. **PART NUMBER** You Need
5. **PART DESCRIPTION**

TERMS & CONDITIONS

We shall be excused and not be liable for delays in shipment caused by customer's request, labor troubles, shortages of materials, damage to plant, governmental regulations or other cause, similar or otherwise, beyond our control. All original equipment manufacturer's names, drawings, colors and part numbers are used for identification purposes only. We are in no way implying that any of our products are original equipment. All parts are guaranteed to meet with your approval.

PRODUCT WARRANTY: All products sold by Lacal Equipment, Inc. are warranted to be free of defects in material and workmanship for a period of 90 days, provided that the part is used in a normal and reasonable manner. The 90-day period commences from the date that the part is received by the end user. If the product should fail to conform to any warranty outlined herein, Buyers Remedy shall be limited to the replacement of the non-conforming products or parts thereof. Lacal Equipment shall not be liable for any damages, lost items, or other expenses that may result from defective parts, nor for the payment of any incidental or consequential damages including, but not limited to, personal injury or property damage.

RETURNS: NO PRODUCT MAY BE RETURNED TO US FOR CREDIT WITHOUT OUR AUTHORIZATION. All claims and/or adjustment requests must be made within 30 days after receipt of material. Merchandise manufactured or sold by us is limited to the purchase price of any merchandise proved defective, or at our option, to replacement of such merchandise upon its return to us after making a pro-rata charge for service rendered.

WORKPLACE COMPLIANCE: We hereby certify that these goods were produced in compliance with the Fair Labor Standards Act as amended and with the rules and regulations and order issued thereunder. We hereby certify that Lacal Equipment, Inc. is an Equal Opportunity Employer in compliance with executive order and rules and regulation and relevant orders of the Secretary of Labor or as otherwise provided by law.

HOW TO READ LACAL EQUIPMENT PARTS LISTINGS

Most of our Parts Numbers begin with a category identifying prefix followed by the manufacturer's part number. There may be additional designating codes after the part number indicating a special variety of the part or an assembly. All original manufacturer's names, drawings, color and part numbers are used for identification purposes only. Our products are not original equipment parts. They are, however, guaranteed to meet with your approval.

LM	Lacal Mower
LLC	Lacal Leaf Collector

FULL CATALOG ONLINE AT LACAL.COM

WHY CHOOSE LACAL EQUIPMENT?

▶ **Lacal is a Manufacturer.**

We build parts that are standard-sized to fit some of the most famous names in road maintenance equipment and custom-build parts for specific use and obscure machines. Our full complement of machine tools enables us to manufacture this wide variety of standard and special order parts. Lacal has its own welding shop and powder coat paint room, as well as an assembly area to allow us to offer our customers their choice of purchasing either individual parts or full complete assemblies. Using thousands of jigs, fixtures, gauges, tools and molds, Lacal produces top-quality parts. Our quality control program insures that premium specification and standards are maintained.

▶ **Lacal is a Distributor.**

We can buy in bulk and pass the savings on to you. In addition to our existing inventory and manufacturing capabilities, Lacal has built a network of additional suppliers for nearly all of the replacement parts used in our four pillars of highway maintenance equipment: Plow, Sweep, Mow and Leaf. We only accept the highest quality parts, so you can buy with confidence from Lacal.

▶ **Lacal has Industry Experience.**

Road maintenance equipment has been at the heart of our operation since 1982. Some brands have come and gone over the years, but Lacal Equipment has remained constant and become an industry leader. Our many dedicated long-term employees not only produce superior products but also give customers veteran advice and truthful, honest answers. We have the knowledge, expertise and resources to keep your equipment running.

▶ **Lacal is Cost-Effective.**

We can extend the life of your existing equipment, saving money and time. Because Lacal is both and manufacturer and direct supplier to you, we can offer high-quality parts with competitive pricing. Our customers have the option of buying individual parts as needed or full, complete assemblies that are ready to bolt onto the chassis. Lacal also offers major and minor reconditioning of Street Sweepers and Leaf/Debris Collectors. Our facility – with its knowledgeable mechanics, premium parts and manufacturing ability – is readily available and cuts reconditioning time substantially.

▶ **Lacal is Customer-Focused.**

We strive to meet our customers' needs and expectations. Lacal recognizes that being a repair parts supplier requires first and foremost that the products supplied be of absolute top quality. Secondly, we must have virtually all parts that customers might need in stock ready for immediate shipment, plus be flexible enough as an organization to quickly manufacture and supply the unusual items they require. Call today and speak with a real, live person during regular business hours.

I hope you'll give us a call and experience the satisfaction of being a Lacal Equipment customer. All Lacal parts are guaranteed to meet your approval. We stand behind our work, so you can keep doing yours.

Roger W. Detrick, President

Extend the working life of your leaf machine with

RECONDITIONING SERVICES

Whether it's for a single machine or a whole municipal fleet, we have the capability to transform your existing Leaf Collector back to like-new condition. Let our mechanics do the dirty work!

Call us today at 800.543.6161 to see how easy it is to get started.

Lacal Equipment is on its way to establishing its reputation as an industry front-runner in reconditioning leaf collecting machines for both government agencies and contractors.

Our facility offers a one-stop-shop, where we combine engineering, machining, welding, fabrication and powdercoating to produce durable high-quality parts for leaf machines. A knowledgeable parts department completes the full-service experience.

Whether you have a small single-axle style or a large multi-axle self-contained unit, Lacal has the knowledge and expertise to keep your machine operational for years to come.

RECONDITIONING OPTIMIZES YOUR BUDGET DOLLARS!

LACAL MAKES IT AS EASY AS 1-2-3

STEP ONE:

Assess the machine in its present condition to provide a thorough, detailed work order that outlines the scope of work to be performed.

STEP TWO:

Tear down the machine, replacing or rebuilding damaged and worn parts as needed. Clean, test and inspect every inch.

STEP THREE:

Reassemble the new components to provide our customer with a like-new machine for the fraction of the cost of full replacement.

This is just a sample of the parts Lecal offers for Snow Plows. More parts available. **Call 800.543.6161 now!**

RUBBER

Whenever steel plow blade life is too short or blade maintenance costs are too high, rubber blades are the ideal answer. They will not damage brick streets, curbs, manhole covers, speed bumps, reflectors and more! **Retaining strips and hardware also available.**

Lecal will cut rubber blades to length and slot or drill for mounting according to customers' exact specifications.

Bulk order blades in the following sizes in stock:
1" x 6" • 1.5" x 8" • 1.5" x 10" • 1.5" x 12"

Following pre-punched SHP* blade sizes in stock:
8" x 10' • 8" x 11' • 10" x 10' • 10" x 11' • 12" x 10' • 12" x 11'

Special Order Blades cut and punched to your specifications. Special Punch Patterns ship in 1-2 days.

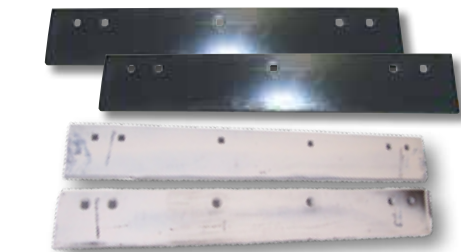

BUDGET FRIENDLY!

POLYURETHANE

Protect the surface you're clearing with Polyurethane blades. These blades are ultra-flexible – even in sub-zero temperatures. They are gentle on road surfaces like cobblestone, brick, pavers, curbs, speed bumps and more, yet tough enough to outlast both rubber and steel plow blades. Available in a variety of sizes. Lecal will punch the blades in-house to your specifications. **Retaining strips and hardware also available.**

STEEL & CARBIDE

STEEL: Our blades are made of USA-produced steel. **Following sizes in stock:** 1/2" x 6" • 5/8" x 6" • 5/8" x 8". Boss, Fisher, Meyer, Western and other also available.

CARBIDE: Ultra-long lasting blades. **Following sizes in stock:** 3/4" x 6" x 3' • 3/4" x 6" x 4' with SHP*. Other sizes and punch patterns available.

Both available in additional lengths and punch patterns.

*STANDARD HIGHWAY PUNCH refers to a 3-3-12 punch pattern.

The blade will be punched 3" from each end, again 3" from the first punch, and then every 12" across the blade.

BLADE SIZE NOT LISTED? CALL 800.543.6161 TODAY!
Lecal Equipment has many other sizes and punch patterns available for your snow plow.

This is just a sample of the parts Lecal offers for Spreaders & Sanders. More parts available. **Call 800.543.6161 now!**
